Chorus:

Heaven is so beautiful  
I see loved ones everywhere  
Heaven is so beautiful  
Nothing but love abides here  
I don't see any crippled, broken hearts or lives with pain  
Heaven is so beautiful  
To die is surely gain

Verse 1:

At the bedside of a loved one  
Death angels are all around  
Peace fills the room with gladness  
God's presence so richly abounds  
Heaven is so beautiful she said so soft and sweet  
If you could see what I see  
You would be so glad for me

Repeat Chorus

Verse 2:

At the burial of a loved one  
There is so much grief and pain  
Shattered hearts are wondering  
Will life ever be the same  
But our comfort comes in knowing  
That they're in a resting place  
Heaven is so beautiful  
It just glows with peace and grace

Repeat Chorus
