

HE'S NOT THROUGH WITH YOU

Brenda J. Robinson/Tammie Herring/New Desire Publishing & Music by Tammie Publishing/BMI

Doctor said I'm sorry, as he came thru the door,
Your disease has returned, It's worse than before,
Shattered expectations, paralyzed with fear?
Haunted by the enemy, could my end be near
I cry out to Jesus again
Please reach out to me, as I make faith my friend.

Verse 2:

Another office visit, The Doctor's work is done
Fear flashes before me, do I stay, do I run
My heart turns to the Savior, I know He is my Lord
Remembering the past, He's healed me before,
The Doctor comes in shaking his head,
But this time he smiled, looked at me and said

CHORUS:

He's not through with you,
God's done it again,
He calmed the troubled waters,
He stretched forth His hand
He's not through with you,
He's got a work for you to do,
God has worked His miracle again,
He's not through with you.

Verse 3:

My heart is overwhelmed, I've messed up again
After all that I have done, how can I serve Him,
Bad choices I have made, a failure, people say,
But I've read in the Bible, where God's people made mistakes
And I realize as I confess my sin,
I am forgiven, as He's forgiven them.

2nd Chorus:

He's not through with you,
God's done it again,
He calmed the troubled waters,
He stretched forth His hand
He's not through with you,
He's got a work for you to do,
God has worked His miracle again,
God has worked His miracle again,
He's not through with you
He's not through with you
He's not through with you
