

# I Shall Not Want

Brenda J. Robinson/New Desire Publishing/BMI

## Verse 1:

The grass looked greener on the other side  
So I crossed over to live that life  
Little did I know my needs would not be met  
Like a sheep I wondered far from the fold  
So I went back to where I know  
with the Shepherd I shall not want

## Chorus:

I shall not want with God as my guide  
He's the Shepherd. He is Lord of my life  
Wherever He leads, green pastures I will find  
I'm looking past these worldly things  
My heart belongs to the King of Kings  
Wherever He leads me I shall not want

## Verse 2:

Back in the fold I find much rest  
In the Shepherd's arms I confess  
my sin, my heart, my longing and my desire  
The grass grows greener everyday  
But in the pasture is where I'll stay  
For in His presence I shall not want

Repeat Chorus x2
