Verse:

There once was a lame man, helpless without hope
Needing someone to bare his heavy load
His friends knew that Jesus was coming to town
They took him up on the roof and they lowered him down

Chorus:

We can't carry your burden, but we'll carry you
On the roof top to Jesus, and He'll see you through
We can't solve all your problems, but there's One who can
So we'll carry you to His healing hand

Verse:

Now just like that lame man
I see you without hope
You're needing someone to bare your heavy load
Jesus is waiting and He'll see you through
I can't carry your burdens, but I'll carry you.

Chorus:

I can't carry your burdens, but I'll carry you
On my knees to Jesus, and He'll see you through
I can't solve all your problems, but there's One who can
So I'll carry you to His healing hand.
