1st Verse

The odds are stacked against me, my back's against the wall
The light I see is very dim, I just stumble and I fall.
But I have a sweet assurance, there'll come a brighter day.
With His life, His blood, an old rugged cross
Jesus made a way.

Chorus

Jesus made a way for me to Glory. His blood was shed upon a cruel tree.
He paid a price I could not pay, and on Resurrection Day, He arose
And now I know I am free.

2nd Verse

Well, why should I feel discouraged, and why should I look around.
The promise's that He gives us in His Holy Word are found.
So when I'm feeling lonely, and when I'm feeling blue
I can study the pages of His blessed book
And my spirit is made anew

Repeat Chorus
