vs1

Our lives are often hindered by the things we seem to lack  
When we are discouraged, that's when Satan will attack  
He will fill our minds with fear and doubt, try to make us lose our hope  
But there's one thing that Satan does not know

CH

You don't **need eyes to see the face of Christ**  
You don't **need hands to feel Him in your life**  
You don't **need ears to hear Him whisper to your soul**  
All you **need is Jesus**, and He will make you whole

vs2

When I can't see tomorrow, I can see God has a plan  
And when I don't feel loved, I know I can still feel His hand  
And when I cannot hear Him, I know He still speaks to me  
Cause when Jesus walks beside me, there's some things I'll never need

Chorus

You don't **need eyes to see the face of Christ**  
You don't **need hands to feel Him in your life**  
You don't **need ears to hear Him whisper to your soul**  
All you **need is Jesus**, and He will make you whole

Bridge

When all I see is darkness  
And it seems all light has gone  
My eyes can't see which way to go  
And I feel so all alone  
But I know God is leading me (Ahhhhhhh)  
And helping me go on (Ahhhhh)  
Cause **one sweet day I know I'll see**  
That bright eternal home

Chorus

You don't **need eyes to see the face of Christ**  
You don't **need hands to feel Him in your life**  
You don't **need ears to hear Him whisper to your soul**  
All you **need is Jesus**, and He will make you whole  
All you need is Jesus  
All you need is Jesus  
And He will make you whole **(He'll make you whole)**  
**He will make you whole!**
