Chorus: I'm on my way/I'm making my way to glory/Singing this song and telling the story/Jesus is alive and He saved my soul/Washed me clean and He makes me wanna live my life to spread the news/He saved me and He'll save you/And take us all to heaven someday/And I'm on my way

Verse 1: Well, I was once a sinner lost and hopeless/Aimlessly wandering without a purpose/Never really living as I went day to day/Then I started moving in a new direction/I knelt before the Savior and I made confession/Jesus forgave me and He set me on the straight and narrow way

Repeat Chorus

Verse 2: Well, tell me are you living like I used to do?/Well, It would be my privilege to introduce you/To the living Savior who died to set me free/He will never leave you as you travel this road/And some day He will take you to a brand new home/Come on won't you call His name and sing with me

Repeat Chorus

I'm on my way/I'm making my way to glory/Singing this song and telling the story/Jesus is alive and He saved my soul/Washed me clean and He makes me wanna Makes me wanna live my life to spread the news/He saved me and He'll save you/And take us all to heaven someday/And I'm on my way
