Verse 1:

In the heart of each believer lives the spirit of the Lord  
He is magnified within us as of ourselves we give Him more  
He will lead guide and teach us of sin and righteousness  
He is God, He is our refuge  
Let us praise Him with our best

Chorus:

The Lord is here (He's here) let us boldly praise His name  
He gave His life (His life) so that we could all be saved  
He is worthy to be worshipped, honored and adored  
He is holy, He is Jehovah, He is here let's praise the Lord

Verse 2:

Are you looking for an answer, are you searching for the Way  
The Lord is your solution; you must seek Him now today  
Let Him fill you with His Spirit, may His presence draw you near  
He loved you with His life  
Now He's alive and He is here
